ABOUT B.S. ABDUR RAHMAN UNIVERSITY

B.S. Abdur Rahman Crescent Engineering College, which has now been upgraded as B.S. Abdur Rahman University, is an institution acclaimed throughout India for its quality in teaching and research. Being one of the largest engineering institutions in India, it lays emphasis on innovative research, investment in high-quality facilities and first-rate infrastructure. By making use of the latest technologies and quality teaching, the college is offering a wide choice of interdisciplinary degrees in engineering, which has enabled students to gain accolades in the global level. Ours is one of the few institutions with all the UG and PG programmes approved by AICTE and accredited by NBA. The college has been upgraded to University status with a view to keep academia in pace with development in industry. Modern facilities along with Gents and Ladies hostels are available for the students within the University campus.

ABOUT THE SCHOOL OF LIFE SCIENCES

The School of Life Sciences has been established with twin objectives of making the campus cross disciplinary and initiating teaching, research and training programs across the interdisciplinary areas of life sciences. The school has been visualized to emerge as a hub for State of the art research facility in all fields related to Molecular Biology, Bio-Chemistry, Microbiology, Bio-Technology, Cancer Biology, and Genetics etc., through sponsored projects. It has also been visualized to be a training centre for scientists, researchers, clinicians from hospitals, industry workers in advanced laboratory techniques with hands on experience, through short term intensive programs. The school offers Undergraduate, Postgraduate and Doctoral programmes in Life Sciences. For more information, please visit www.bsauniv.ac.in
